

Moose Lake

CHEQUAMEGON-NICOLET NATIONAL FOREST

GREAT DIVIDE RANGER DISTRICT

Moose Lake Campground sits along its namesake lake on the Great Divide Ranger District. This serene lake and surrounding forest offer a spectacular location for families to enjoy nature on the Chequamegon-Nicolet National Forest. This small and semi-secluded campground offers about 15 single-family campsites for tent and RV camping. Each site is equipped with tables and campfire rings with grills. Accessible vault toilets, drinking water, and trash/recycling collection facilities are provided.

Moose Lake is a 1,670-acre body of water that is popular for fishing, boating, and swimming. Elk, eagles, loons and other wildlife are often viewed in and near the campground. This location provides access to a variety of activities, including miles of off-road vehicle, hiking, and mountain biking trails.

Anglers will find an abundance of musky, walleye, bass and pan fish in the lake, and the clear water is ideal for kayaking, canoeing, and swimming. A sandy beach and a boat ramp provide convenient lake access.

Features:

- Small, scenic campground within a maple, birch forest.
- Near the Fishtrap Motorized Trail (TR 421).
- Boat landing located on-site.

Max RV/ Trailer Length	Site Number
Tent Only	1, 5, 15
Back in 25'-30'	2, 6, 8 thru 12, 14
Back in 35'-40'	3, 7

Chequamegon-Nicolet National Forest - Moose Lake
