CAMPING RESERVATIONS

Camping reservations are required and can be made for the same day of your arrival or up to 11 months in advance of your planned date of occupancy.

Campers must make a reservation before setting up on any site.

Reservations can be made online at dnr.wi.gov or by calling 888-947-2757.

WELCOME!

Firefly Lake Campground, sites 201-271, is very popular and located in the central portion of the forest. This 27-acre lake offers excellent swimming opportunities with its crystal clear water and fine-sand beach. Canoers and kayakers populate these waters often for great photo moments. Carry-in boat access is available within the campground, or a landing and parking area is located on the west side of the lake – no boat motors are allowed. This campground is only about one-half mile from the Crystal Lake beach and picnic area.

TICKS AND LYME DISEASE

Ticks are common across Wisconsin and may be found in the forest. Lyme disease is an illness that can be spread to humans from the bite of a tick. You can protect yourself against Lyme disease and other tick-borne diseases using these tips:

- Stay in the middle of trails.
- Apply insect repellent on exposed skin and over clothes.
- Wear light-colored clothes to spot ticks more easily.
- Do a full-body tick check after outdoors activities.
